

Patient Financial Responsibility Agreement

1. Please be advised that Dr .Wedberg does not accept insurance and is considered an out of network non-refundable fee for service provider. However, it is your option to submit your claim for possible reimbursement. Doing so does not guarantee reimbursement especially if your out-of-pocket deductible has not been met.

This agreement supersedes any and all payment determinations by your insurer.

2. Our Missed Appointment Policy is available on our website. For established patients, the first time there is a “no-show” or a cancellation without a 24 hours advance notification, there will be no charge. However, for a 2nd occurrence the full fee of the visit will be charged. Should there be a 3rd occurrence, the full fee of the visit will be charged and the patient may be discharged from the practice.

For our New Patient's first visit, a no show or late cancellation will result in the full charge of the new patient fee on the credit card provided at the time the appointment was scheduled.

By signing this agreement you acknowledge that you have read the terms, understand them, and accept the terms as stated.
